“ *April 2, 2012To my one and only Papaw, I find peace in knowing that you and Mamaw are together again and I imagine the angels rejoicing the day everyone was at the gates to greet you. I imagine you and uncle Jerry sitting on the most beautiful, plentyful river bank fishing and, It makes me smile but, My flesh cant help but be selfish and wish for one more day. I still had things to say, Laugh and "argue" with you one more time...I love you and thank you and Maw both for creating me and this crazy family that I love, And I promise to take care of them all for as long as im here, but Im going to need your help from up there some times. I love you.*
