“ *"When I was a young woman (early 20s) working with Jane at First Federal's North office, Ambrose would come in and scare the life out of me. He knew it and enjoyed it! Thankfully one of the other tellers told me not to be afraid, he was just "larger than life" in his ways and if I just was myself, we would learn to like each other and be comfortable with each other. I did that and we did become friends over the years. I am so sorry to see him go. I know his family especially will miss him.*
