“ *I love you. Kris you are so missed. I still can't believe it. I wish I could be there to celebrate your life with your family and friends.*

“ *Cynthia: We were devastated to hear of the news of Chrissy's passing. I don't have enough words to ease your pain. I remember her as a young girl but she always mothered you. When we would get ready to go on a trip I remember her telling you to be careful and not to do anything stupid. She was such a dear. Nick and I would have been at the memorial service but we are leaving on vacation and our plane leaves at 1:00. I wish we could see you in person to talk with you. I wanted to stay in touch with you but notes from you contained no return address, and I didn't know where to find you. Maybe we can rekindle our friendship. When you are ready send me an email. May you find peace. Carla & Nick*

“ I was so sad to hear about Kris. Lots of good memories from St. Benedicts...We even had the same ugly bird sweatshirt in 3rd grade. It is a shock and a terrible loss. Thoughts and prayers to her mom and friends
