“ Sorry to hear of Liggetts passing. He worked for me at Big Bear Stores many years ago, but made an impression that has lasted over the years for me.

He was very young back then but carried himself with a maturity well past his age. Learning of his passing brought back some memories of him and myself from that time and they were pleasant memories.

To his parents and family , I hope you can find strength in each other during this difficult time.

I hope you find some solace in knowing that Liggett probably touched more lives than you can imagine and his memory will live on in others and not just the individuals that you are aware of.

I am truly sorry for his passing .
