“ I met Megan when she was 13 years old and her personality made you love her immediately. Whenever I asked her to help me out with my grandkids or going with me a couple times to have surgery she was right there. I'm hurting for your daughters who won't have you any longer and Tyler who loved you unconditionally. I've lost a child so I know your mom is struggling and trying to stay strong for everyone else. Fly high baby girl you will truly be missed.
