“ Kim, John, and family: Heard from Mike Snider about your dad's passing, Kim, and wanted to let you know we have you and your family in our thoughts and prayers. What fond memories we have of your youthful parents, usually running around in tennis clothes running to or from the courts! I remember the day I spent with him as a senior high school student at his office trying to see what an engineer does and him plugging cords in and out of the very first generation of computers. He had an incredible number of pumps and valves laying around with tags on them that indicated the patents he'd gotten and was so excited by his research in hydraulic engineering. How proud he must be of the success of his kids and grandkids. Must have been especially fun to have Chad play college football as he did. I'm writing this in my Oxford office today, and thinking about the heritage that he and Ara left with their Orange bowl team. Hope you all are holding up. I find that missing my dad who passed 3 years ago comes in waves when I see or do something that I would have shared with him. My mom is doing well in Zanesville at age 94, but slowing down a little. Best regards to all. Dan and Becky Love, and family
