“ *I remember Roger coming down the street down to my grandmothers house on Central for a visit to my uncles. He was a nice fellow and he was well liked. May God comfort his family and help them through this sad time. RIP Roger.*

“ *Sandy I miss him so much! Amazing how someone who came into our lives a year and a half ago could have such a huge impact on so many people. So many things to share about Him and his daily routine. I was fortunate to be one that he came to when he needed something or just to come sit in my office and tease me. Of course he never left my office without his daily request for Pepsi. His laugh I will always remember! Thank you for allowing Our Genesis family the privilege of Roger being a part of our family. You gave us the opportunity to love this amazing man and for that we are all grateful.*
